Narrative

Incident Description

I was working with my buddies to move out from 123 Augusta st, second floor , unit 213, We were sorting all stuff and put most of my things out near the elevator .

So I had to call the maintenance guy to put the lift in service, I was told to wait down the lobby. I was just downstairs for 8 mins and I believe one of the neighborhood was waiting for us to be distracted , and someone stole one of my TV , LG 40 to 55" .

There is a camera every where in the building you can call to confirm.

I suspect 2 guys , one was a short Caucasian guy dressed in all black that came from down the hall he stood right behind me to take the elevator but change his mind and took the stairs .

And there is also another neighbor , black guy , who came out of his unit , went out for about 2 minutes by the stairs then came back to ask me if I was moving.

This happened under 8 mins span of time , someone must have been waiting for us to be distracted to steal my TV.
